May Was National Historic Preservation Month

Each May, **The National Trust For Historic Preservation** promotes **National Preservation Month** and this year's theme was "**Celebrating America's Treasures**". Throughout our nation's communities there are significant places that have contributed to our American experience – whether it is a battlefield, a ship, church, house or museum. Through the support of programs like **Save America's Treasures**, thousands of preservation projects in cities and towns from coast to coast have worked to preserve these irreplaceable and tangible reminders of our roots.

By declaring **National Preservation Month's** theme as "**Celebrating America's Treasures**", we hope that communities and organizations across the country will help spread the word that programs like **Save America's Treasures** not only protect the places that tell our nation's story, but also create jobs and spur economic development in our Main Streets. Get involved today!

In celebrating **National Historic Preservation Month**, the Borough of Maywood passed a proclamation recognizing Maywood's only National Register listed building – the **Maywood Station Museum** and the volunteer work of the MSHC to restore and preserve Maywood's own treasure.

On May 26, 2011, a series of Wedding Engagement Photo Shoots were arranged with the Maywood Station Museum for use of the museum featuring four different couples.
