Maywood Station Museum Celebrated its 5th Anniversary at the October 4, 2009 Open House

At the October 4, 2009 Museum Open House, the Maywood Station Historical Committee celebrated the 5th Anniversary of the Maywood Station Museum. The museum originally opened on September 25, 2004 after over ten-thousand volunteer hours were spent by the MSHC restoring the landmark station starting in June 2002. Before the Museum Open House, a new historic marker was unveiled at Maywood Station signifying its status as being listed on the National Register and State of New Jersey Register of Historical Places. Also, a dedication of New York, Susquehanna & Western ALCO S-2 Locomotive #206 was conducted to celebrate its recent placement on the State of New Jersey Register of Historical Places. The MSHC acquired the locomotive in October 2008 and has been working on restoring it since.

Vintage Candy Container Exhibit Was Featured at the November 15, 2009 Museum Open House

The November 15, 2009 Maywood Station Museum Open House featured a special exhibit of vintage Candy Containers from the collection of Douglas Dezso. The Candy Containers, made mainly of glass in the early 1900's through 1950's period showcased a variety of examples including trains, automobiles, trucks, gas pumps, lanterns and other types. Mr. Dezso is noted as one of the world's foremost authorities on the subject of vintage Candy Containers and authored the book, *A Collector's Guide to Candy Container's - Identification & Values*.

The MSHC 2009 Year in Review

I'm pleased to report that Maywood Station Historical Committee has concluded our best year since the opening of the museum on September 25, 2004. Fortunately, the depressed economy has not prevented visitors from attending open houses and experiencing all of the museum offerings. We set our all-time highest attendance total in 2009 with 2289 visitors. Our previous totals were year 2008 – 1982, year 2007 – 2142, year 2006 – 1967 and in year 2005 – 1621. Aside from the 8.7% increase in visitor attendance over 2008, the museum saw a 46% increase in revenue from museum open houses. Each of the museum's scheduled six Sunday open houses from April through November were well attended as was our **Annual Santa at Maywood Station** in December. Highlights of the year included MSHC member Ed Quinn's U. S. Coast Guard exhibit at the April and May open houses, Maywood Day in June, Annual Railroad Day in August, the 5th Anniversary of Maywood Station Museum in October and MSHC member Doug Dezso's Vintage Candy Container exhibit in November. We already have several new exhibits planned for our 2010 museum open schedule and new displays will be added throughout this upcoming winter.

In early April, we released the **Maywood Station Story** documentary on DVD and it won **The County of Bergen Historic Commendation Award in the Category of Education**. The DVD has been received extremely well by the public and we've had to have it re-run twice due to demand. This was followed with word in June that New York, Susquehanna & Western S-2 Locomotive #206 was nominated by State of New Jersey Historic Preservation Office for placement onto the State of New Jersey Register of Historic Places. NYS&W S-2 #206 was formally added on the State of New Jersey Register of Historic Places on September 10th and a dedication was held at the 5th Anniversary of the Maywood Station Museum Open House. NYS&W S-2 #206 is currently being considered for placement on the National Register of Historic Places. MSHC members have worked tirelessly restoring NYS&W S-2 #206 since October 2008 when it was moved to Maywood Station.

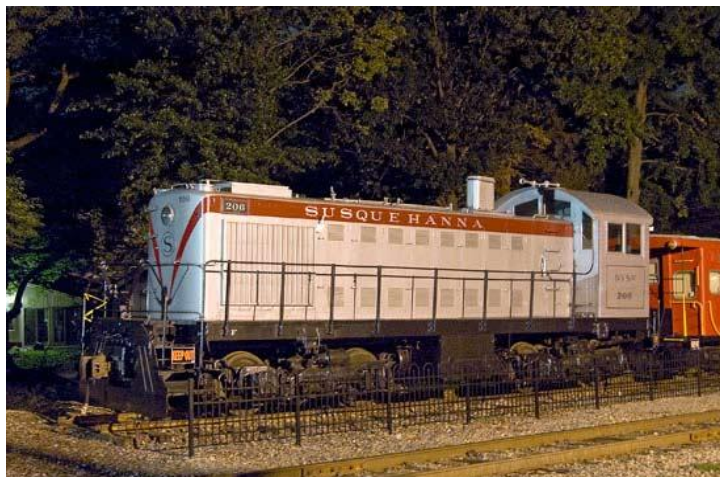

2009 also brought numerous additions to the museum's collections and several displays inside the station were changed. Inside Caboose #24542, the majority of the scenery on the operating model train layout was completed and at the October 4 open house, an 89-car coal train was run marking the longest train yet operated for visitors.

Looking ahead to 2010, we will be continuing the restoration of NYS&W S-2 #206 and have some new projects on the drawing board. We also expect to further change displays inside the museum and in Caboose #24542.

I want to thank all of our membership for continuing to take pride in maintaining and preserving Maywood Station and continuing to set goals to improve the museum. I also want to thank all of those who continue to support the Maywood Station Museum.

Happy Holidays to you and your families!

- Ed Kaminski

At the Maywood Station Museum October 4th Open House, the museum was presented with a donation of items for the museum from Louis, Douglas and Henri Dezso including a hammer that was used by Louis's father on the New York Central Railroad in the 1930's and a metal lunch box used by Louis's uncle on the Ulster & Delaware Railroad in the 1920's. Announcing a New Book!

A new book, entitled **Maywood - The Borough, The Railroad and The Station** has been authored by historian and Maywood Station Historical Committee President, Edward S. Kaminski. The 128-page book is scheduled for release by Arcadia Publishing on January 25, 2010. The book traces Maywood's history from a farming community through its population and industrial growth brought on in part by the coming of the New Jersey Midland Railway in 1872. Separate chapters include The Borough of Maywood, The New York, Susquehanna & Western Railroad in Maywood; and Maywood Station including its role in the development of Maywood and its recent restoration and museum with over 200 quality images and detailed captions. The Maywood Station Museum is accepting pre-publication orders now. **AS A MAYWOOD STATION MUSEUM EXCLUSIVE - all advance orders received before January 15, 2010 will be SIGNED BY THE AUTHOR and will ship on or about January 25, 2010.** Books are available for \$22.00 each and to reserve a copy, please visit www.maywoodstation.com. All proceeds from the sales of books through mail order on the Maywood Station Museum website and at Maywood Station on Museum Open House dates, including the author's royalties, will go toward further preservation and maintenance of the historic Maywood Station Museum.

On June 27, 2009, The Kikeara Image Group conducted a modeling photo shoot at Maywood Station with permission of the MSHC. Model Paige Morgan is shown in one of the photos taken at the shoot. Maywood Station continues to be a popular venue for locations scouts looking to shoot movie scenes and commercials as well as modeling and wedding shoots. (Photo by Kinu Sloss)
